BLOOD DONATION CAMP

On 10-08-2018, Blood Donation camp program has been conducted by Dharani Voluntary Blood Centre, Bhimavaram. In this program students have learnt the importance of blood, and the how blood donation plays a major role in saving lives. The purpose to organize a blood donation camp is to motivate people to donate blood and social works. The purpose of blood donation camp to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. Organization of blood donation camp should be best and safe to the patient/recipients and to the blood donor. Blood donation camp should motivate the public to donate blood by oral communication, which is the most effective method of recruiting donors. Talk about the need of blood, shortage of blood, ease of donation and myth about blood donation to the public. By donating blood, one gives a second chance of life to someone unknown. Donating blood may reduce the risk of heart disease and stimulate the generation of red blood cells.
