DENGUE AWARENESS

On 25-11-2020, NSS Unit is organised a 'Dengue Awareness' program at our college. Students and the NSS Volunteers are participated to create awareness on Dengue. It is a viral infection caused by the dengue virus (DENV), transmitted to humans through the bite of infected mosquitoes. About half of the world's population is now at risk of dengue with an estimated 100–400 million infections occurring each year. Use insect repellent, wear long-sleeved shirts and long pants, and control mosquitoes inside and outside your home.
