On 27-04-2021, 'Awareness Campaign on Personal Health' is organised by the Women Empowerment Cell along with the Lions Club at our college. Dr. V. Vamsee Krishna participated in health awareness campaign to encouraging people to take care of their health. A campaign to raise awareness about heart disease and its risk factors among women and educate and motivate them to take action to prevent the disease and control its risk factors. Health campaigns are generally designed both to increase awareness of health threats and to move target audiences to action in support of public health. For example, public health campaigns often encourage target audience members to engage in healthy behaviors that provide resistance to serious health threats.
