## Field Visit Report

### Department of Life Sciences

Date: 29-01-2019  
Place of visit: Imperial Hospitals  
Students benefited: 28

#### Objective of the event:

The main reason behind this hospital visit helps students to know things practically through interaction, working methods. Moreover, it gives exposure to many advance bio medical instruments from academic point of view.

#### Outcome of the event:

Various health related protocols were explained and working of the CT scan machine and X-Ray was shown along with demo. Ward setup for patients was observed and how the nurses were taking details of the patient was also understood. Students could understand various manpower required in the hospital and their roles and responsibilities at various levels.

#### Summary of the event:

This hospital visit made the students to know about the procedures undertaken in the hospital. The facilities available in the hospital and about the equipment's used to diagnose the diseases and the special treatments given in the hospital.
