AWARENESS PROGRAM ON SELF DEFENCE

On 27-04-2022, the Women Empowerment Cell has Organised a awareness program on Self-defence in our Dr. C. S. N. Degree & P.G college. Mr. M. Siva Naga Raju Garu is explained, the self defense is based on justification that allows a defendant to use physical force to protect himself or herself from injury or death. Deadly force is any force that can produce death. An individual does not have to die for the force to be deemed deadly. Self-defence means fighting off something or another person to protect yourself and maybe others. Ways of self-defence include martial arts or using a weapon. Sometimes, self-defence can cause serious harm to the other person. In most nations, you cannot be prosecuted for this harm.

TRAFFIC AWARENESS CAMP

On 29-03-2022, the NSS unit is organised a program on Traffic Awareness Camp along with the A.P Police. Mr. B. Trinadh Garu is explained Following the road safety rules alongside safety in daily life helps us stay safe. Other road safety rules are to obey all traffic signals like stop signs, red lights etc., wear seatbelts/helmets, maintain the speed limit and safe distance, don't drink & drive, and also don't drive without having a driving license. The objectives of a road safety campaign are to raise awareness about road safety issues, promote safe driving behaviours, reduce the number of road accidents, and ultimately save lives.

AWARENESS PROGRAM ON SUKANYA SAMRIDHI YOJANA

On 16-03-2022, awareness program Sukanya Samriddhi Yojana is conducted by the Women Empowerment Cell at Kuppanapudi panchayat post-office. Mrs. Ch. K. L. Prasanna Garu explained Sukanya Samriddhi Yojana scheme along with the post office staff and it is a saving scheme by Government of India, which is aimed at the betterment of girl child in India. It is launched to help parents build a fund for the higher education and other expenses of their girl child. The Sukanya Samriddhi Yojana is a government savings scheme created with the intention to benefit girl child under the initiative called "Beti Bachao – Beti pado". The SSY scheme comes with a higher interest rate along with several tax benefits.

SAVE WATER

On 03-03-2022, a Special program Save Water is organised by the NSS unit at kuppanapudi panchayat. Mr J. Suresh Garu is described the conservation of water is a necessity to save life. All living organisms on this planet need water to survive. If we do not give importance to saving or conservation of water then our future generations will face water scarcity. Don't let your water consumption run out of control. Save 6 litres of water a minute by turning off your tap while you brush your teeth. Fix leaky taps too – and stop what could be 60 litres of water going straight down the drain every week. Every minute you spend in a power shower uses up to 17 litres of water.

AWARENESS ON VERMICOMPOST

On 25-02-2022, the NSS unit is organised a program Awareness on Vermi-compost in our Dr. C. S. N. Degree & P.G college. Mrs. P. Sunitha Garu is explained the vermi-composting process, earthworms play an important role in converting biodegradable organic matter into high quality manure. Earthworm gut microorganisms produce exo-enzymes that help to degrade organic matter into forms of nutrients that are available for plant growth. Earthworms are valued by farmers because, in addition to aerating the soil, they digest organic matter and produce castings that are a valuable source of humus.

PERSONALITY ENHANCEMENT

On 08-02-2022, the NSS unit is conducted Personality Enhancement program in our Dr. C. S. N. Degree & P.G college. Mr. P. Durga Prasad Garu explained Personality development is defined as a process of developing and enhancing one's personality. Personality development helps an individual to gain confidence and high self-esteem. Personality development is said to have a positive impact on one's communication skills and the way he/she sees the world. Personality development is important because it helps you to live your life in a better way.

SWATCH BHARATH ABHIYAN

On 08-01-2022, the NSS Unit is conducted a campaign on Swatch Bharath Abhiyaan at Kuppanapudi Panchayat. On that Program, the NSS Volunteer & the students are actively participated. The concept of Swatch Bharat Abhiyaan is to provide basic sanitation facilities like toilets, solid and liquid waste disposal systems, village cleanliness, and safe and adequate drinking water supply to every person. To encourage private sectors for making capital expenditure in the project or into the operational and maintenance cost. Create awareness among communities towards sanitation and cleanliness.

AWARENESS ON GENDER EQUALITY

On 15-12-2021, the Women Empowerment Cell is Organised an Awareness program on Gender Equality at ZPH School in Rayakuduru. Mrs. T. N. S. Lavanya Garu explained the prevalence of gender discrimination, and social norms and practices, girls become exposed to the possibility of child marriage, teenage pregnancy, child domestic work, poor education and health, sexual abuse, exploitation and violence. Many of these manifestations will not change unless girls are valued more. Gender equality is when people of all genders have equal rights, responsibilities and opportunities.

AWARENESS ON E-BIKE USAGE

On 16-11-2021, the NSS unit is along with A.P Police organised an awareness program on e-bike usage Bhimavaram I Town Police Station Premises. They are explained An electric bike, or e-bike, is a bicycle equipped with an electric bike motor to assist you when you're pedaling. The motor will get its power from a rechargeable battery mounted on the bike. Electric bicycles help you ride farther and faster than you would on a traditional bicycle. While most models look like a regular bike, e-bikes feature a motor and battery. This helps you easily manage hills, travel longer distances without getting tired, keep up with the flow of traffic, and even pull a small trailer.

AWARENESS PROGRAM ON IMPORTANCE OF CLEANLINESS

On 21-10-2021, the Women Empowerment Cell is organised an Awareness program on Importance of Cleanliness in our Dr. C. S. N. Degree & P.G college. Mrs. A. Shravani Garu explained to keep the environment clean, do not engage in littering on the streets or urinating in public rather use a public toilet for sanitation. Cleanliness will help you in taking good care of your own health while also keeping the environment clean. When the environment is clean, we lead a healthy and active lifestyle. Cleanliness is related to hygiene and disease prevention. Washing is one way of achieving physical cleanliness, usually with water and often some kind of soap or detergent. Cleaning procedures are also important in many forms of manufacturing.

POSITIVE ATTITUDE TOWARDS THEIR WELLBEING

On 06-09-2021, the NSS unit has organised a Program on Positive Attitude towards their wellbeing in our Dr. C. S. N. Degree & P.G college. The NSS Volunteers has explained having a positive attitude means being optimistic about situations, interactions, and yourself. People with positive attitudes remain hopeful and see the best even in difficult situations. Listen to your internal dialogue. When faced with a negative thought, turn it around to make it into a positive thought. Positive thinking has been linked to less stress, better problem-solving skills, and a better sense of well-being all around. Also, studies have shown that positive thinking can increase lifespan, strengthen the immune system, and reduce the risk of developing chronic illnesses.

CREATING AWARENESS ON TREE PLANTATION

On 23-08-2021, the Women Empowerment Cell is organised a program, Creating Awareness on Tree Plantation in Dr. C. S. N. Degree & P.G college. Mrs. B. Tarani Priya garu explained the importance of Plantation. The tree is the key to making the environment a safer place to live in, and they do that by providing oxygen into the air, improving the air quality, climate amelioration, water conservation, soil preservation, and supporting the wildlife of the earth. This is why tree plantation is important in today's world.

SAPLING FOUNDATION PROGRAM

On 26-07-2021, our college NSS Unit is organised a campaign on Sapling Foundation Program at Kuppanapudi panchayat. On that program the NSS unit volunteers participated to Sapling trees on conserving nature and a series of saplings distribution drives marked World Environment Day here on Sunday. We were taught in childhood that "*who plants a tree, plants a hope*". When I was in school, a tree plantation activity was common.

YOGA AND MEDITATION

On 05-07-2021, the Women Empowerment Cell collaborated with the Lions Club organised Yoga & Meditation program at our Dr. C. S. N. Degree & P.G college. The Women Empowerment Cell Incharge Dr. G. Sudha Sri Purna Garu explained yoga uses breathing techniques (pranayama) and meditation (dhyana) to quiet, clarify and discipline the mind. One should never forget that yoga is not a religion, but a way of living a healthy and peaceful state of mind. Yoga is a mindful movement practice that encompasses stretching, strengthening poses, meditation, and breathing exercises. Yoga uses body, breath, and the senses to reconnect the participant with the universe and move emotions and thoughts into stillness.

AWARENESS CAMPAIGN ON PERSONAL HEALTH

On 27-04-2021, 'Awareness Campaign on Personal Health' is organised by the Women Empowerment Cell along with the Lions Club at our college. Dr. V. Vamsee Krishna participated in health awareness campaign to encouraging people to take care of their health. A campaign to raise awareness about heart disease and its risk factors among women and educate and motivate them to take action to prevent the disease and control its risk factors. Health campaigns are generally designed both to increase awareness of health threats and to move target audiences to action in support of public health. For example, public health campaigns often encourage target audience members to engage in healthy behaviors that provide resistance to serious health threats.

FOLLOW SAFETY RULES TO PREVENT ACCIDENTS

On 07-04-2021, Our college NSS unit is along with the A.P Police in our college conducted a program on 'Follow Safety Rules to Prevent Accidents'. Bhimavaram I town C.I A. Govindha Raju explain how to follow safety rules to prevent accidents. The Drive in the prescribed speed limits on the various roads. Always remember that "Speed thrills but kills". Always put on helmets, seat belts and other safety equipment's before driving a bicycle/ motor cycle/vehicle. Accident prevention refers to the strategies, preparatory methods, and the measures instituted to prevent accidents.

AWARENESS PROGRAM ON SAY NO TO PLASTIC

On 22-02-2021, the NSS Unit organised a special Awareness Program on Say no to Plastic at Vissakoderu Panchayat. On that Program, Mrs. P. Sunitha garu explained the disadvantages of using plastic. She said that India is committed to take action for mitigation of pollution caused by littered Single Use Plastics. Plastic has multiple uses and the physical and chemical properties lead to commercial success. However, the indiscriminate disposal of plastic has become a major threat to the environment. Every day, plastic waste negatively impacts the ecosystem, habitats, human health and sustainable development across the world. Despite the vast scale of the problem, the general public and other important stakeholders have not been adequately engaged and educated on how they can become part of the solution.

DIABETIC CAMP

On 10-03-2021, NSS Unit has organised a Diabetic camp at our college. Our Secretary & Correspondant Dr. Cheeday Satyanarayana Garu has explained that Diabetes camps operate on sound principals of diabetes management and youth development so that youth can learn to manage their diabetes. With diabetes, your body doesn't make enough insulin or can't use it as well as it should. When there isn't enough insulin or cells stop responding to insulin, too much blood sugar stays in your bloodstream. Over time, that can cause serious health problems, such as heart disease, vision loss and kidney disease.

USING MASK AND SANITISATION

On 22-02-2021, the NSS Unit organised a special campaign Using Mask & Sanitisation Program at Vissakoderu Panchayat. Ms. G. Kalyani garu created an awareness on usage of mask and sanitisation. The World Health Organization recommendation of *mask use* also varied from time to time. Wearing face *mask* is recommended as part of personal protective equipment and as a public health measure to prevent the spread of disease. Basic sanitation is having access to facilities for the safe disposal of human waste, as well as having the ability to maintain hygienic conditions, through services such as garbage collection, industrial/hazardous waste management, and wastewater treatment and disposal.

HELMET AWARENESS

On 28-01-2021, our college NSS unit along with the A.P Police organised a program on Helmet Awareness at Dr.C.S.N Degree & PG college. They explained Helmets are help to protect riders from injury and death. The Helmets acts like a shield to their head from getting hit by rocks and other objects in the case of a fall. Hence, it is essential to always wear your helmet while riding a bike. Wearing a helmet reduces your risk of a serious brain injury and death.

COLLEGE CAMPUS CLEANING PROGRAM

On 06-01-2021, the NSS unit organised a program on College Campus Cleaning at our college. This Program main objective is cleaning services don't merely keep surfaces safe and sanitary—they also help protect your College's investments. When left unaddressed, minor problems like water puddles, dusty electronics, and overflowing trash cans can also lead to permanent damage. A messy environment is a distraction to students, and can also impact their health by allowing the spread of germs and allergens, adding the stress of being sick to their learning. By keeping clean of our campus everyone helping create a positive learning environment for students.

BLOOD DONATION CAMP

On 21-12-2020, the NSS Unit collaborated with the Dharani Voluntary Blood Bank organised a Blood Donation Camp at our college. On this program, the students are actively participated to donate a blood. The purpose to organize a blood donation camp is to motivate people to donate blood and social works. The purpose of donation of a blood is to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. The reason to donate is simple...it helps save lives. In fact, every two seconds of every day, someone needs blood. Since blood cannot be manufactured outside the body and has a limited shelf life, the supply must constantly be replenished by generous blood donors.

AWARENESS PROGRAM ON ORGAN DONATION

On 16-12-2020, a special awareness program on Organ donation is conducted by the NSS unit at our college. On this Occasion, Dr. P.R.K Varma is joined with our students and given some valuable words. He explained the Organ Donation is the process of surgically removing an organ or tissue from one person (the organ donor) and placing it into another person (the recipient). Transplantation is necessary because the recipient's organ has failed or has been damaged by disease or injury. One organ donor can save up to 7 lives and help many more through eye and tissue donation. Organ donation is giving an organ to help someone who needs a transplant.

BASIC FIRST – AID PROGRAM

On 10-12-2020, the NSS unit organised a special program on Basic first - aid at our college. On this Occasion, Dr. K. Vishwanadham garu is explained the Basic First-Aid as easy as ABC – airway, breathing and CPR (cardiopulmonary resuscitation). Danger – always check the danger to you, any by standers and then the injured or ill person. First aid refers to the emergency or immediate care you should provide when a person is injured or ill until full medical treatment is available. For minor conditions, first aid care may be enough. For serious problems, first aid care should be continued until more advanced care becomes available.

DENGUE AWARENESS

On 25-11-2020, NSS Unit is organised a 'Dengue Awareness' program at our college. Students and the NSS Volunteers are participated to create awareness on Dengue. It is a viral infection caused by the dengue virus (DENV), transmitted to humans through the bite of infected mosquitoes. About half of the world's population is now at risk of dengue with an estimated 100-400 million infections occurring each year. Use insect repellent, wear long-sleeved shirts and long pants, and control mosquitoes inside and outside your home.

HEALTH AND HYGIENE

On 03-11-2020, Women Empowerment cell conducted a program on Health and Hygiene in ZPHS Kumudavalli by Dr. G. Sudha Sri Purna Garu. She explained that if a person is in a good physical state and free from any diseases but is under constant stress, greed, tension, anger, etc, then that person is not healthy. Hygiene refers to good practices and rituals that prevent diseases and leads to good health. Practices like keeping the body clean, drinking clean water, washing hands, dumping garbage in the garbage bin, not urinating or defecating in the open, and many more, prevent the spread of many diseases.

HEALTHY FOOD HABITS

On 27-10-2020 Women Empowerment cell conducted a program on healthy food habits in ZPHS Kumudavalli by G. Kalyani Garu. Healthy eating habits are essential for maintaining good health and preventing chronic diseases. Developing healthy eating habits requires making small changes to your diet and lifestyle over time. She explained that Healthy eating starts with eating a variety of healthy foods each day, such as eating plenty of fruits, vegetables, whole grains and protein foods. Choose protein foods that come from plants more often. Choose food with healthy fats instead of saturated fat. Limit highly processed foods.

HEALTH AWARENESS PROGRAM

On 20-10-2020, Women Empowerment Cell conducted a program on Health awareness by Anganwadi member Mrs. Anantha Lakshmi Garu. The purpose of the program was to sensitize the students about the importance of healthy diet and hygienic measures to prevent infections and promote better health. This session included activities like informative talks, role play and discussions. A health awareness programme is not only informative but also provides great opportunity to learn many health related information. Health awareness focuses on how we can prevent the issues of lack of treatment or healthcare facilities. We focus on diverse health topics to provide awareness to the communities and increase their levels of Health Literacy. Our focus areas are Health & Hygiene, Hand Washing, Menstrual Hygiene, Oral Hygiene, and Nutrition.

SUMMARY OF THE EVENT

Our college has taken initiative to distribute groceries to poor people. The lockdown has destroyed the lives of people who have no food to eat, no money and will be further engulfed in the vicious cycle of loan. At this time the groceries price were high and the people were not working in any place and they are not getting any wages. So our college has decided to distribute basic groceries to the people.

GENDER DIFFERENCES CONCEPT

On 30-12-2019, Gender Differences Concept program was conducted in ZPHS, Goraganamudi. T. N. S. Lavanya Garu has done the program for the students. She explained about genders, and how the differences are portrayed among the society and how to eradicate the differences in the society and within ourselves to the students. Girls may be encouraged to learn skills valued in female-dominated fields, while boys might learn leadership skills for male-dominated occupations. For example, as they move into the secondary and post-secondary phases of their education, boys tend to gravitate more toward STEM courses than their female classmates. Sex differences in education are a type of sex discrimination in the education system affecting both men and women during and after their educational experiences. Men are more likely to be literate on a global average, although higher literacy scores for women are prevalent in many countries.

INCOME INEQUALITY BASED ON GENDER

On 18/12/2019, The NSS unit is organised a campaign on Income Inequality Based on Gender at Veeravallipalem panchayat.

On this occasion, Mrs. T. N. S. Lavanya madam created awareness on the program of Income Inequality based on Gender to the ZPH School students. All over the world men tend to earn more than women. In many countries men are more likely to own land and control productive assets than women. Gender equality prevents violence against women and girls. It's essential for economic prosperity. Societies that value women and men as equal are safer and healthier. Gender equality is a human right.

PLANTATION OF SAPLING

On 05-11-2019, Our College NSS Unit has Organised a special Program on Plantation of Sapling at Veeravallipalem Panchayat. On the Occasion of this program, Mr. P. Jithendra Sir and Program Members participated in Tree Plantation in Veeravallipalem village. By planting tree saplings, you are making an investment in the future that will provide guaranteed benefits for all. The adult trees will provide life-giving oxygen, shade your home, give you solitude, provide your fruits, and add beauty to your surroundings. The process of planting a sapling is - Dig out - Dig a deep and wide pit in the ground. Plant the sapling - gently remove the plastic wrapping/shield from the root ball and place the plant gently into the centre of the pit. Be careful not to drop the plant.

PRE-SCHOOL EDUCATION PROGRAM

On 31-10-2019, a program on Pre-School Education was organized in ZPHS, Goraganamudi. A.Kamala Garu explained the importance of the program to the students. She also explained the importance and how the pre-school education plays an important role for the future of the students and also the society. She explains, early childhood education imparted by pre-primary schools helps boost concentration in children. It also encourages them to be good listeners, so that they can follow directions or do tasks on their own or participate actively in group activities. In order to develop the social competence of your child, pre-primary classrooms use fun ways to encourage toddlers to work in a team. By inculcating team spirit in young minds, pre-primary teachers teach students how to work collaboratively in a group environment to achieve a shared goal. As a result, the child becomes a good listener and learns to respect the opinion of his team members so that the team can function without any disruption.

AIDS AWARENESS PROGRAM

On 07-10-2019, a program was organized on AIDS Awareness Program in Government Hospital, Bhimavaram. G. Thomas Garu has conducted the awareness program for the students. He brought awareness about AIDS and how to prevent it, in the students in the presence and help of the Government doctors. There are three main reasons for AIDS education, the first of which is to prevent new infections from taking place. Giving people information about HIV – what HIV and AIDS are, how they are transmitted, and how people can protect themselves from infection. Teaching people how to put this information to use and act on it practically – how to get and use condoms, how to suggest and practice safer sex, how to prevent infection in a medical environment or when injecting drugs. Second reason that AIDS education is needed is to improve quality of life for HIV positive people. Too often, AIDS education is seen as being something which should be targeted only at people who are not infected with HIV in order to prevent them from becoming infected. The third reason people need AIDS education is to reduce stigma and discrimination. In many countries there is a great deal of fear and stigmatization of people who are HIV positive. This fear is too often accompanied by ignorance, resentment and ultimately, anger.

YOUTH AGAINST DIRT AND DISEASE

On 17-09-2019, a program on Youth against Dirt and Disease was organized in ZPHS, Goraganmudi. B.Tarani Priya Garu has done necessary activities with the students. She explained the topics on Development of environmental sanitation, Social work, Man Immunization against presentable diseases, Provision of portable water. Many contaminated diseases are caused due to lack of sanitation. Humans mostly suffer from intestinal parasitic diseases or stomach-related diseases due to improper sanitation. Some of the acute diseases are:

Helminthic infections

Impaired cognitive functions (lack of mental awareness)

Pneumonia

Diarrhoea

Anaemia in children

Growth faltering in infants

Blood borne diseases like Hepatitis B and C due to not sanitising syringes.

These are some illnesses or diseases that are caused due to lack of proper hygiene methods

BALANCE YOGA

On 19-08-2019 organized a program on Balance Yoga by Lions Club, Bhimavaram. Dr.V. Vamsi Garu has done yoga with the students in Dr. C.S.N Degree & PG College. He also explains that Balance yoga emphasizes achieving equilibrium in various aspects of life, including physical, mental, and spiritual dimensions. He also said that, in today's fast-paced world, where stress and imbalance prevail, yoga provides a holistic approach to unify the mind, body, and soul. With diverse practices encompassing physical exercises, breathing techniques, and meditation, yoga has evolved throughout history while remaining a powerful medium for connecting with our true nature and inner selves. Extensively studied, yoga offers proven benefits for physical fitness and mental well-being. Regular practice cultivates balance, tranquillity, and resilience, enabling us to gracefully navigate life's challenges.

ROLE OF GENDER IN SOCIETY

On 28-01-2019, a Special program 'Role of Gender in Society' is conducted by both NSS UNIT & Women Empowerment Cell at Rayakuduru Panchayat. In order to provide the Information about gender roles in society means how we're expected to act, speak, dress, groom, and be polite, accommodating, and nurturing. Traditionally, women are seen as caregivers, nurturers, homemakers, and helpers. Men's gender roles revolve around characteristics such as dominance, assertiveness, and strength. Traditionally, men's gender roles include breadwinner, leader, and protector.

AWARENESS TO PREVENT DRUNK AND DRIVE

On 17-12-2018, a program on awareness to prevent drunk and drive was conducted near traffic police station by Mr. Rama Chandra Rao garu. He explains how to plan your safe ride home before you start the party. Designate a sober driver ahead of time. If you drink, do not drive for any reason. Call a taxi, phone a sober friend or family member, use public transportation, etc. IPC Section 185, Motor Vehicles Act, 1988 (drink and drive fine) A drinking and driving case is considered if a person is found driving a vehicle with 30mg per 100ml of blood in the body, tested by a breath analyser, or is under the influence of a drug and is incapable of exercising proper control over the vehicle.

GENDER DISCRIMINATION

On 26-11-2018, a program on Gender Discrimination was organized in ZPHS, Mogallu. Mrs.Ch. K. L. Prasanna Garu has organized the program for the students. She explained gender discrimination, and how it effects the society and created awareness among the students. And she explains that every child deserves to reach her or his full potential, but gender inequalities in their lives and in the lives of those who care for them hinder this reality. Wherever they live in India girls and boys see gender inequality in their homes and communities every day – in textbooks, in movies, in the media and among the men and women who provide their care and support. As girls and boys age the gender barriers continue to expand and continue into adulthood where we see only a quarter of women in the formal workplace.

ROAD SAFETY HELMET AWARENESS

On 11-10-2018 a program on road safety helmet awareness was conducted near BVRAJU statue by M.Gopal garu. Samuel garu and our students had participated in the program. He explained that safe, quality helmets reduce the risk of death in a road crash by over six times, and reduce the risk of brain injury by up to 74%. Head trauma is the leading cause of death for riders, and motorcycles continue to proliferate rapidly. Yet the use of helmets in many low and middle-income countries remains low. Road safety is very important for people of all age group to be safe and secure as well as reduce the number of road accidents and injury cases. So, everyone should strictly follow all the rules, regulations and signs of road traffic lights. Most of the impact energy is absorbed by the helmet, rather than your head and brain. But just as important as wearing a helmet is wearing the right helmet.

YOUTH AGAINST FAMINE

On 27-09-2018 organized a special camp on Youth against Famine at Rayakudhuru Panchayat. The youth against Famine campaign was conducted by NSS Unit and the voluntary agencies. Jointly under this program, both student and non-student youth work together along with their adults in the villages. The campaign provides academic education by training the students for facing real life situation and making practical use of technical and other education.

BLOOD DONATION CAMP

On 10-08-2018, Blood Donation camp program has been conducted by Dharani Voluntary Blood Centre, Bhimavaram. In this program students have learnt the importance of blood, and the how blood donation plays a major role in saving lives. The purpose to organize a blood donation camp is to motivate people to donate blood and social works. The purpose of blood donation camp to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. Organization of blood donation camp should be best and safe to the patient/recipients and to the blood donor. Blood donation camp should motivate the public to donate blood by oral communication, which is the most effective method of recruiting donors. Talk about the need of blood, shortage of blood, ease of donation and myth about blood donation to the public. By donating blood, one gives a second chance of life to someone unknown. Donating blood may reduce the risk of heart disease and stimulate the generation of red blood cells.

HAEMOGLOBIN TESTING FOR PREGNANT WOMEN

A haemoglobin test measures the amount of haemoglobin in your blood. Haemoglobin is a protein in your red blood cells that carries oxygen to your body's organs and tissues and transports carbon dioxide from your organs and tissues back to your lungs. Measuring haemoglobin and haematocrit is common during pregnancy. Normal level of haemoglobin is 12 to 16 grams per decilitre for women of childbearing age. Its minimum normal value is 11 grams per decilitre in the first and third trimester of the pregnancy and 10.5 grams per decilitre in the second trimester.

On 18-06-2018 organized a special camp on Haemoglobin testing for pregnant women at Rayakuduru panchayat. Here our biochemistry students and staff were collected 20 blood samples from the pregnant women and tested Hb levels of their samples. 5 women were identified low level of Hp. Our college Life Sciences department students guided to eat HB rich food.

HYGIENE AND HAND WASH AWARENESS

On 04-06-2018, a program on Hygiene and Hand Wash Awareness has been conducted in ZPHS, Mogallu. Mrs.V. Lavanya Garu has supervised the program conducted for the students. She also explained the importance of hygiene and created awareness on the diseases acquired if hands are not washed for the students. Washing your hands properly is one of the most important things you can do to help prevent and control the spread of many illnesses. Good hand hygiene will reduce the risk of things like flu, food poisoning and healthcare associated infections being passed from person to person. Hands normally carry lots of germs and should be washed:

After visiting the toilet

Before handling food

When visibly dirty

After coughing or sneezing into your hands

Washing your hands regularly will help to stop the coronavirus from virus spreading.
